DETAILED ACTION

1. Claims 1-6 pending in the instant application.

Examiners Response to Applicants Remarks

2. After reviewing the amendments made to the claims as well as the Applicants remarks, the Examiner asserts that all of the Applicants arguments were persuasive in light of the amended claims. For this reason, all previous objections and rejections are withdrawn.

Allowable Subject Matter

3. Claim 1-6 allowed.
4. The following is an examiner's statement of reasons for allowance:

Upon review of the amended Claims 1-6 and a further search of the prior art, it has been found that the prior art of record at the time of Applicants invention neither teaches nor suggest the aspects of a data consistency holding table which tracks information about the originator and destination as well as keeps an in order timestamp for each transaction or the delay of write transactions for a *predetermined* amount of time from their reception in a bi-directional data replication system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
